# Safety Data Sheet

according to UK REACH (SI 2020/1577) as amended

This version replaces all previous versions

## SECTION 1. Identification of the Substance/Mixture and of the Company/Undertaking

### 1.1 Product identifier

**Trade name:** Apiezon AP101 Grease.
**Registration number:** Mixture

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Product category:** PC24 Lubricants, greases, release products
**Application of the substance / the mixture:** Lubricating grease.
**Uses advised against:** None identified

### 1.3 Details of the supplier of the safety data sheet

**Supplier:**
M&I Materials Limited. Unit 2, Centenary Park,
Coronet Way, Salford, M50 1RE. United Kingdom

Tel: +44 (0)161 864 5409.
Email: apiezontech@mimaterials.com

**Further information obtainable from:** www.apiezon.com/contact-us/technical-enquiry

### 1.4 Emergency telephone number:

Members of the public seeking specific information on poisons should contact: In England and Wales:
NHS 111 - dial 111
In Scotland: NHS 24 - dial 111

## SECTION 2. Hazards Identification

### 2.1 Classification of the substance or mixture

**Classification according to GB-CLP:** The product is not classified, according to the GB CLP regulation

### 2.2 Label elements

**Labelling according to GB-CLP:** Not applicable
**Hazard pictograms:** Not applicable
**Signal word:** Not applicable
**Hazard statements:** Not applicable

### 2.3 Other hazards

**Results of PBT and vPvB assessment**
**PBT:** Not applicable
**vPvB:** Not applicable
**Determination of endocrine-disrupting properties**: Not applicable

## SECTION 3. Composition/Information on Ingredients

### 3.2 Mixtures

**Description:**
A blend of highly refined mineral oils and multifunctional additives with thickener system. The ingredients are not classified as hazardous or are below disclosure limits.

**Dangerous components:** Not applicable
**Additional information:** Mineral oil contains <3% DMSO extract as measured by IP346.

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

## SECTION 4. First Aid Measures

### 4.1 Description of first aid measures

**After inhalation:** Supply fresh air; consult doctor in case of complaints.
**After skin contact:** Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.
**After eye contact:** Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
**After swallowing:** Do not induce vomiting; call for medical help immediately.
**Information for doctor:** Treat symptomatically and supportively.

### 4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

### 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

## SECTION 5. Fire Fighting Measures

### 5.1 Extinguishing media

**Suitable extinguishing agents:**
CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Use fire extinguishing methods suitable to surrounding conditions.
**For safety reasons unsuitable extinguishing agents:** Water with full jet

### 5.2 Special hazards arising from the substance or mixture

In case of fire, the following can be released:
Carbon monoxide and carbon dioxide
Hydrogen fluoride (HF)

### 5.3 Advice for firefighters

**Protective equipment:**
Wear self-contained respiratory protective device.
Do not inhale explosion gases or combustion gases.
Wear fully protective suit.
**Additional information:**
Cool endangered receptacles with water spray.
Collect contaminated fire fighting water separately. It must not enter the sewage system.

## SECTION 6. Accidental Release Measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Particular danger of slipping on leaked/spilled product.
Wear protective equipment. Keep unprotected persons away.

### 6.2 Environmental precautions

Do not allow product to reach sewage system or any water course.

### 6.3 Methods and material for containment and cleaning up:

Pick up mechanically.
Send for recovery or disposal in suitable receptacles.
Clean the affected area carefully; suitable cleaners are:
Warm water and cleansing agent

### 6.4 Reference to other sections

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

## SECTION 7. Handling and Storage

### 7.1 Precautions for safe handling

Ensure good ventilation/exhaustion at the workplace.
Avoid direct contact (skin/eye contact, ingestion and/or inhalation of fume/mist/dust) with the product in the undiluted form.
Contains organically bound fluorine. The major hazard associated with this product is the inhlalation of thermal decomposition products. Contamination of tobacco products MUST be avoided.
**Information about fire - and explosion protection:** No special measures required.

### 7.2 Conditions for safe storage, including any incompatibilities

**Storage:**
**Requirements to be met by storerooms and receptacles:** No special requirements.
**Information about storage in one common storage facility:** Store away from foodstuffs.
**Further information about storage conditions:** Store in cool, dry conditions in well sealed receptacles.
**Storage class:** 11

### 7.3 Specific end use(s)

No further relevant information available.

## SECTION 8. Exposure Controls/ Personal Protection

### 8.1 Control parameters

**Ingredients with limit values that require monitoring at the workplace:**
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

| **DNELs** | | |
|---|---|---|
| **CAS: 64742-62-7 Residual oils (petroleum), solvent dewaxed** | | |
| Oral Inhalative | Long-term systemic effects<br>Long-term systemic effects<br>Long-term local effects<br><br>Long-term systemic effects | 740 µg/kg bw/day (general population)<br>2.73 mg/m³ (worker)<br>1.19 mg/m³ (general population)<br>5.58 mg/m³ (worker)<br>970 µg/m³ (worker) |
| **CAS: 4485-12-5 Lithium stearate** | | |
| Dermal | Long-term local effects<br>Short-term local effects | 86 µg/kg bw/day (GPP)<br>172 µg/kg bw/day (worker) |
| Inhalative | Long-term systemic effects<br>Short-term systemic effects | 3 mg/m³ (worker)<br>6 mg/m³ (worker) |

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

| · **PNECs** | |
|---|---|
| **CAS: 64742-62-7 Residual oils (petroleum), solvent dewaxed** | |
| Secondary poisoning | 9.33 mg/kg food |

**Additional information:** The lists valid during the making were used as basis.

### 8.2 Exposure controls

**Appropriate engineering controls** No further data; see section 7.
**Individual protection measures, such as personal protective equipment**
**General protective and hygienic measures:**
The usual precautionary measures are to be adhered to when handling chemicals.
Avoid close or long term contact with the skin.
Do not eat or drink while working.
Wash hands before breaks and at the end of work.
Contains PTFE. Avoid contact with naked flames and hot surfaces as corrosive and very toxic deomposition products can be formed.
Contamination of tobacco products MUST be avoided - "polymer fume fever" is associated with the smoking of tobacco contaminated in such a way.
Wash hands before eating, drinking or smoking.
Avoid contamination of materials which might be heated or burnt.
Extra care should be taken to prevent burns from contact with hot material.
**Respiratory protection:** Not required
**Hand protection**

For prolonged contact, use protective gloves tested and approved under appropriate government standards such as NIOSH (US) or EN374 (EU).

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation
**Material of gloves**
Nitrile rubber, NBR
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.
**Penetration time of glove material:**
Break-through time: > 480 minutes
The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
**Eye/face protection:** Not required
**Body protection:** Not required.
**Environmental exposure controls:** Do not allow to enter drains, sewers or watercourses.

## SECTION 9. Physical and Chemical Properties

### 9.1 Information on basic physical and chemical properties

**General Information**
**Physical state:** Solid

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

| | |
|---|---|
| **Colour:** | Yellow |
| **Odour:** | Odourless |
| **Melting point/freezing point:** | > 200 °C |
| **Boiling point or initial boiling point and boiling range:** | Undetermined |
| **Flammability:** | Not determined |
| **Lower and upper explosion limit** | |
| Lower: | Not applicable |
| Upper: | Not applicable |
| **Flash point:** | 230 °C |
| **Auto-ignition temperature:** | Not applicable |
| **Decomposition temperature:** | > 300 °C |
| **pH:** | Not applicable |
| **Viscosity:** | |
| **Kinematic viscosity:** | Not applicable |
| **Dynamic:** | Not applicable |
| **Solubility** | |
| water: | Insoluble. |
| **Vapour pressure at 20 °C:** | < 0.1 hPa |
| **Density and/or relative density** | |
| Density at 20 °C: | 0.981 g/cm³ |
| Relative density: | Not determined |
| Vapour density: | Not applicable |
| **Particle characteristics:** | Not applicable |

**9.2 Other information**

| | |
|---|---|
| **Appearance:** | |
| **Form:** | Semi-solid |
| **Important information on protection of health and environment, and on safety.** | |
| **Ignition temperature:** | Product is not self-igniting. |
| **Explosive properties:** | Product does not present an explosion hazard. |
| **Change in condition** | |
| **Evaporation rate:** | Not applicable. |
| **Information with regard to physical hazard classes:** | Not applicable |

## SECTION 10. Stability and Reactivity

**10.1 Reactivity**

No further relevant information available.

**10.2 Chemical stability**

**Thermal decomposition / conditions to be avoided:**

Contains organically bound fluorine. A significant hazard associated with this product is the inhlalation of thermal decomposition products.
No decomposition if used according to specifications.

**10.3 Possibility of hazardous reactions**

No dangerous reactions known.

**10.4 Conditions to avoid**

Heat and static discharge.

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

### 10.5 Incompatible materials
Strong oxidising agents.

### 10.6 Hazardous decomposition products
Carbon monoxide and carbon dioxide
Hydrogen fluoride

## SECTION 11. Toxicological Information

**11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008**
**Acute toxicity:** Based on available data, the classification criteria are not met.

| **LD/LC50 values relevant for classification:** | | |
|---|---|---|
| **CAS: 64742-62-7 Residual oils (petroleum), solvent dewaxed** | | |
| Oral | LD50 | > 5,000 mg/kg (rat) |
| Dermal | LD50 | > 2,000 mg/kg (rat) |
| **CAS: 4485-12-5 Lithium stearate** | | |
| Oral | LD50 | > 2,000 mg/kg (rat) |

**Primary irritant effect:**
**Skin corrosion/irritation:** Based on available data, the classification criteria are not met.
**Serious eye damage/irritation:** Based on available data, the classification criteria are not met.
**Respiratory or skin sensitisation:** Based on available data, the classification criteria are not met.
**Germ cell mutagenicity:** Based on available data, the classification criteria are not met.
**Carcinogenicity:** Based on available data, the classification criteria are not met.
**Reproductive toxicity:** Based on available data, the classification criteria are not met.
**STOT-single exposure:** Based on available data, the classification criteria are not met.
**STOT-repeated exposure:** Based on available data, the classification criteria are not met.
**Aspiration hazard:** Based on available data, the classification criteria are not met.
**Additional toxicological information:**
Contains organically bound fluorine. A significant hazard associated with this product is the inhlalation of thermal decomposition products. Use of contaminated tobacco products may give rise to polymer fume fever.
Misdiagnosis usually occurs because the symptoms resemble influenza virus infection.

### 11.2 Information on other hazards
**Endocrine disrupting properties**
None of the ingredients are listed.

## SECTION 12. Ecological Information

### 12.1 Toxicity
Aquatic toxicity: No further relevant information available.

### 12.2 Persistence and degradability
Inherently biodegradable

### 12.3 Bioaccumulative potential
Has the potential to bioaccumulate.

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

### 12.4 Mobility in soil
No further relevant information available.

### 12.5 Results of PBT and vPvB assessment
**PBT:** Not applicable
**vPvB**: Not applicable

### 12.6 Endocrine disrupting properties
The product does not contain substances with endocrine disrupting properties.

### 12.7 Other adverse effects
**Additional ecological information:**
**General notes:**
Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

## SECTION 13. Disposal Considerations

### 13.1 Waste treatment methods
**Recommendation**
Recommended Hierarchy of Controls:

- Minimise waste;
- Reuse if not contaminated;
- Recycle, if possible; or
- Safe disposal (if all else fails).

Used, degraded or contaminated product may be classified as hazardous waste. Anyone classifying hazardous waste and determining its fate must be qualified in accordance with state and international legislation.
Must not be incinerated due to liberation of toxic gases at >300°C.
Unused product may be returned for reclamation.

| UK List of Waste | |
|---|---|
| 12 00 00 | WASTES FROM SHAPING AND PHYSICAL AND MECHANICAL SURFACE TREATMENT OF METALS AND PLASTICS |
| 12 01 00 | wastes from shaping and physical and mechanical surface treatment of metals and plastics |
| 12 01 12* | spent waxes and fats |
| 15 00 00 | WASTE PACKAGING; ABSORBENTS, WIPING CLOTHS, FILTER MATERIALS AND PROTECTIVE CLOTHING NOT OTHERWISE SPECIFIED |
| 15 01 00 | packaging (including separately collected municipal packaging waste) |
| 15 01 10* | packaging containing residues of or contaminated by hazardous substances |

**Uncleaned packaging:**
**Recommendation:**
Do not reuse empty containers - dispose of in accordance with the regulations issued by the appropriate local authorities.
Containers, even those that are “empty,” may contain residues that can develop flammable and/or hazardous vapours upon heating. Do not cut, drill, grind, weld, or perform similar operations on or near empty containers.

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer’s written instructions. © M&I Materials Limited.

## SECTION 14. Transport Information

| | |
|---|---|
| **14.1 UN number or ID number** | |
| **ADR, IMDG, IATA** | Not applicable |
| **14.2 UN proper shipping name** | |
| **ADR, IMDG, IATA** | Not applicable |
| **14.3 Transport hazard class(es)** | |
| **ADR, ADN, IMDG, IATA** | |
| **Class** | Not applicable |
| **14.4 Packing group** | |
| **ADR, IMDG, IATA** | Not applicable |
| **14.5 Environmental hazards:** | Not applicable |
| **14.6 Special precautions for user** | Not applicable |
| **14.7 Maritime transport in bulk according to IMO instruments** | Not applicable |
| **Transport/Additional information:** | Not dangerous according to the above specifications. |
| **UN "Model Regulation":** | Not applicable |

## SECTION 15. Regulatory Information

**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**

**Poisons Act**

**Regulated explosives precursors:**
None of the ingredients are listed.

**Regulated poisons:**
None of the ingredients are listed.

**Reportable explosives precursors:**
None of the ingredients are listed.

**Reportable poisons:**
None of the ingredients are listed.

**Control Of Major Accident Hazards Regulations 2015 (COMAH)**

**Named dangerous substances - ANNEX I:**
None of the ingredients are listed.

**DIRECTIVE 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment – Annex II:**
None of the ingredients are listed.

**REGULATION (EU) 2019/1148**

**Annex I - RESTRICTED EXPLOSIVES PRECURSORS (Upper limit value for the purpose of licensing under Article 5(3)):**
None of the ingredients are listed.

**Annex II - REPORTABLE EXPLOSIVES PRECURSORS:**
None of the ingredients are listed.

**Regulation (EC) No 273/2004 on drug precursors:**

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.

None of the ingredients are listed.
**Regulation (EC) No 111/2005 laying down rules for the monitoring of trade between the Community and third countries in drug precursors:**
None of the ingredients are listed.

**15.2 Chemical safety assessment**
A Chemical Safety Assessment has not been carried out.

## SECTION 16. Other Information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
This Safety Data Sheet is supplied on a voluntary basis.

**Department issuing SDS:** M&I Materials Ltd Technical Department

**Abbreviations and acronyms:**
UK REACH: REGULATION (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals
GB CLP: REGULATION (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures.
UFI: Unique Formula Identifier
UK- REACH: The UK REACH etc. (Amendment etc.) (EU Exit) Regulations 2019 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals
GB- CLP: Retained GB CLP Regulation (EU) No. 1272/2008 as amended for Great Britain on the Classification, Labelling and Packaging of Chemicals.
ADR: Accord relatif au transport international des marchandises dangereuses par route (European Agreement Concerning the International Carriage of Dangerous Goods by Road)
IMDG: International Maritime Code for Dangerous Goods
IATA: International Air Transport Association
GHS: Globally Harmonised System of Classification and Labelling of Chemicals
EINECS: European Inventory of Existing Commercial Chemical Substances
ELINCS: European List of Notified Chemical Substances
CAS: Chemical Abstracts Service (division of the American Chemical Society)
DNEL: Derived No-Effect Level (UK REACH)
PNEC: Predicted No-Effect Concentration (UK REACH)
LC50: Lethal concentration, 50 percent
LD50: Lethal dose, 50 percent
PBT: Persistent, Bioaccumulative and Toxic
vPvB: very Persistent and very Bioaccumulative

Any recommendation or suggestion relating to the use, storage, handling or properties of the products supplied by M&I Materials Limited or any member of its group, either in sales and technical literature or in response to a specific enquiry or otherwise, is given in good faith but it is for the customer to satisfy itself of the suitability of the product for its own particular purposes and to ensure that the product is used correctly and safely in accordance with the manufacturer's written instructions. © M&I Materials Limited.
